

SUNDAY OBSERVANCE.

Another Meeting Held Last Evening.

ADDRESSED BY REV. DR. GEORGE.

And a Rising Vote to Close the World's Fair on Sunday—Y. M. C. A. Delegates Report—Whitensday at the Cathedral, and Other Services Yesterday.

By the efforts of Professor J. L. McCartney and Dr. H. H. George, Secretary of the American Sabbath Union, a committee of about fifty gentlemen has been organized as an auxiliary to the Union, whose purpose is to check the desecration of the Sabbath that is so prevalent in this community. At a largely attended meeting on Saturday afternoon a permanent organization was effected, as follows:

President, A. K. List.
First Vice President, W. B. Simpson.
Second Vice President, J. D. Culbertson.

Secretary, H. E. Vance.
Treasurer, J. E. Hughes.
Executive Committee, H. M. Russell, W. B. Simpson, A. J. Clarke, J. M. Brown and R. M. Gilleland.

The duty of the executive committee shall be to have general oversight of the work, and to appoint such sub-committees in different parts of the city, as they may deem proper, and both the executive committee and sub-committees will visit persons who habitually desecrate the Sabbath by keeping open their places of business or otherwise, and remonstrate with them and use other proper efforts to induce them to change their course, and the Executive Committee is authorized to take proper measures to induce a better public sentiment on the subject of Sabbath observance.

It was resolved that it is not expedient at present to resort to legal prosecutions. A general meeting of the committee of fifty is to be held this evening in the Fourth Street Methodist church at 7:30, and a full attendance is desired.

MEETING LAST EVENING.

Dr. George Addresses the Congregation at Dr. Cooke's Church.

At the Second Presbyterian church last night Rev. Dr. George, the Assistant Secretary of the American Sabbath Union, preached to a large congregation on the "Sacredness of the Sabbath."

"I would like," said Dr. George, "to impress upon your minds the sacredness of the Sabbath day. I could spend an hour enumerating to you the blessings that come to those observing that sacred day. I should love to talk about the law of the Sabbath, of God's fundamental law, that it is a day of rest; that commandment he impressed upon tablets of stone, and wrote in the hearts of man. When God had put the sun, moon and stars in place, when he had finished the world and created man, occupying six days in the work, then on the seventh day he rested. I should like to trace the operations of this law down the history of his chosen people, Israel; showing how they prospered in its observance, how they suffered when the observance of the day fell into neglect. I should like to trace it to Christ, how he changed the day and sent it down along the line of time. I could impress upon you the importance of the law by reminding you that God placed it in the middle of the decalogue like a post, like the main post of a building, to hold it up. But to do all this is the province of your pastors, and upon this theme they all enlarge. I am here for a different purpose."

In speaking of the necessity of observing the Sabbath, Dr. George took his stand on the law of God, as written upon the tablets of stone. "Six days hath God made the world, and on the seventh day he rested, and blessed that day, and said, 'This day is the Lord's day.'"

By resting on the seventh day, God made it a home day, a day when parents should be with their children and children with their parents.

In the discussion of the Sabbath and the observance of the day, Dr. George went on to state that neither man nor beast nor slave nor servant nor beast of burden shall be compelled to work. When a man buys a Sunday newspaper, does he think of the number of servants he has employed, the editor, compositor, pressman, carrier boys? When he steps on a Sunday train, does he remember the number of men he has in his employ? When he takes out his horses, does he think that in so doing he violates the law of God?

The doctor then touched on the various forms of Sabbath desecration. The railroads, the Sunday newspapers and the United States mail service came in for their share of the blame. In referring to the claim that a man might be obliged to see a dying wife and he did not think it was right for the thousands of men employed on railroads to be obliged to work on the Sabbath, in order that one man, every six months, be enabled to return home to see his dying wife for the last time. He related that on his way to church that evening he was detained several minutes by a freight train at the crossing, and asked what right the railroad company had to delay him on his way to the house of God.

The doctor's speech was, in the main, the same as he made last Sunday, of which the *Intelligencer* gave a synopsis. At the conclusion a vote was taken on the question, whether the World's Fair at Chicago should be kept open on Sunday. By a rising vote the large audience present decided in the negative. In the course of Dr. George's speech he announced that cards would be distributed, and by paying a dollar then and there or next day, the holder would receive a membership in the American Sabbath Union for one year, and would also gain a year's subscription to the *American Sabbath*, a publication edited by the American Sabbath Union. A great many members and subscribers were secured.

Union services were also held in the Martin's Ferry Presbyterian church last night in the interest of Sabbath observance. Rev. H. N. Campbell presided and conducted the exercises. Addresses were made by Rev. J. L. McCartney, District Secretary American Sabbath Union, Rev. A. E. Brownlee, of the U. P. church, and Rev. I. S. Winters, of the M. E. church. The attendance was very large.

YOUNG MEN'S WORK.

A statement of the business of the International Y. M. C. A. Convention. A meeting was held in the Fourth Street Methodist church last night, at which Mr. Walter H. Rinehart and Secretary Lynch, of the local association, made a report of the work of the twenty-fifth convention of the International

Young Men's Christian Association at St. Louis last week. The meeting was not well attended and Dr. Cushing, before the meeting began, explained the reason for the slim attendance. He said that there was a meeting at the Second Presbyterian church for the purpose of awakening a feeling in favor of a better observance of the Sabbath, and that there was announced to be a meeting at the Y. M. C. A. building on next Tuesday night, at which all the information to be given at this meeting would be made known to the members.

Mr. Walter H. Rinehart opened the meeting with a statement of the way the delegates were treated socially and as the things that were done by the convention. He devoted his time principally to the social side of the meeting of the convention and left the statistical matter to the secretary. Mr. Lynch spoke at length, telling the strength of the Association in the United States and Canada and the work it is doing and what it expects to do with the aid of the Christian people.

Dr. Cushing supplemented their remarks by a short talk about one of the international conventions that he once attended at San Francisco, which was very pleasant and interesting.

WHITSUNDAY SERVICES.

Confirmation at the Cathedral—An Italian Priest Here.

At the Cathedral yesterday Whitsunday was celebrated in the usual way. This day is considered one of the greatest feast days in the Catholic Church, and the ceremonies appropriate to the occasion were solemnized yesterday.

At 6:30 in the morning mass was said by Monsignor Sullivan. About one hundred children and four or five adult converts received their first communion. Father Sullivan delivered an address to the children and afterwards gave the communion to about three hundred and fifty members of the congregation, besides those who received it for the first time.

At 9 o'clock the regular mass was read, Father Bauer officiating. At half past 10 a solemn high mass was sung, at which Rev. Bishop Kane officiated, assisted by Rev. Father Sullivan, Rev. Father McElligott acting as deacon and Rev. Father Bauer as sub-deacon. Father McElligott preached an eloquent sermon on the solemnity of the day.

In the afternoon vespers, followed by the benediction, were sung. The Bishop, assisted by the same clergymen, administered Confirmation to those who had received their first Holy Communion in the morning. After Confirmation the pretty ceremony of the renewal of the baptismal promises was celebrated. Little Tommy Gannon and the renewal aloud, and then all the children responded to the questions put by the Bishop from his chair.

Since Saturday Rev. Father Annavazzi, of Pittsburgh, has been in the city. A great many Italians took advantage of the opportunity his visit afforded them, and attended confession. Last night Father Annavazzi officiated at Benediction, preached a sermon to quite a congregation of Italians, and afterwards heard Confession. A number will attend Holy Communion this morning.

THE COMING CONVENTION.

It Will Be Unique in Form and Embrace Nearly Everybody.

CINCINNATI, O., May 17.—The coming week will bring to this city a political gathering of unique form, for it has no party basis. Originally it was called by the members of the Ocala, Fla., Alliance convention, addressed to all who have stood up for independent political action. About seventy persons from seventeen States signed this call. Some of the original signers of the call enlarged the representation so as to include the American Federation of Labor, trades unions and trades assemblies, the Federation of Railway Employees and the Nationalists by their representatives.

FATAL neglect is little short of suicide. The consequences of a neglected cough are too well known to need repeating. Dr. Wood's Norway Pine Syrup cures a cough promptly. Sold by all dealers on a guarantee of satisfaction.

Ladies' Oxford Ties.

Dongola Hand Turn, plain or tip, \$1.00.

Dongola Hand Turn, plain or tip, elegant, \$1.25.

Ladies' Dongola Cincinnati Oxford, \$1.50.

Misses' Dongola Oxfords, 11 to 2, 90c and \$1.00.

Children's Dongola Oxfords, heel and spring heel, 4 to 7, 65c.

Children's Dongola Oxfords, heel and spring heel, 8 to 11, 75c.

The most complete line in this city to select from. Call and see.

J. H. LOCKE & CO.

A LARGE line of two and three ply Carpets, best makes in high art styles and shades of colorings, to be had at FINE & BERGER'S, 1117 Main street.

REYMAN'S Celebrated Lager a specialty at Lally Sample Rooms, No. 2100 Main street.

If la grippe or sickness has left you with weak eyes, or if your eyes tire or head aches when reading or sewing, consult and have your eyes tested by the only Optician in the city, located at Lash's Sewing Store, corner Main and Eleventh streets.

Lots at McMechen \$125 and upward, one-third cash, one-third in six months and one-third in twelve months. Call at our office at McMechen, or 1314 Market street. Telephone, 566.

ROLY & HARVEY.

A National Event. The holding of the World's Fair in a city scarcely fifty years old will be a remarkable event, but whether it will really benefit this nation as much as the discovery of the Restorative Nervine by Dr. Franklin Miles is doubtful. This is just what the American people need to cure their excessive nervousness, dyspepsia, headache, dizziness, sleeplessness, neuritis, nervous debility, dullness, confusion of mind, etc. It acts like a charm. Trial bottles and fine book on "Nervous and Heart Diseases," with unequalled testimonials, free at the Logan Drug Co. It is warranted to contain no opium, morphine or dangerous drugs.

"OLIVE BLOSSOM" is the greatest discovery of the age in the medical line. Weak, tired, despondent women who are fast going into consumption from some wasting disease, peculiar to "olive blossom" may be restored to health. "Olive Blossom" is sold by Logan Drug Co., C. B. Goetze, W. W. Irwin, W. E. Williams, C. Schnepf, C. Menckmeyer, W. C. Armbricht, W. H. Williams and M. W. Heinrich; J. W. Darragh, Rolston & Co., Martin's Ferry; Ballew & Co., Bridgeport; C. M. Wyrick, Bellaire; St. Clair Bros., Benwood.

DAY'S

THE COKE STRIKE.

The Number of Ovens in Blast—The Men Growing Alarmed.

SCOTTSDALE, Pa., May 17.—The coke strike is fast nearing an end. The operators claim to have 5,800 ovens burning. This is within 37 per cent of the number of ovens in blast when the strike first began. At the beginning of the strike all of the ovens in the region were shut down but Rainey's 945. The productions of coke equalled 192 per week. Since other works have been resuming, the production has been increasing every week, until this week the shipments are estimated at 2,500 cars.

Forty Pinkerton guards were sent into the Redstone plant, near Uniontown yesterday, and on Monday a start will be made. The old men will first be given an opportunity, but if not taken, the new men to run the plant will be sent in Tuesday. The plant has 448 ovens. The Eagle plant of the same company started Thursday, and has now thirty-eight ovens charged. The rest of the plant will be put in blast next week as fast as the cold ovens can be fired.

The district officers of the strikers' organization, the United Workers, have apparently become alarmed at the condition of the strike, and have issued a call to the Knights of Labor, one of the affiliated branches, calling a K. of L. convention here on Monday. It has been charged that the officers of the district have been conducting the strike in opposition to the rank and file of the order, and public opinion has to a certain degree been influenced against their cause, and they deem it advisable to call a convention of the K. of L. for the purpose of having an expression from the rank and file on continuing the strike.

TROUBLE EXPECTED.

Negro Miners Arriving to Take Strikers Places in Washington.

SEATTLE, WASH., May 17.—At 1 o'clock this morning 400 negro miners with their families arrived at Stone Siding, on the Northern Pacific, about fifty miles from here. The negroes will be marched immediately to coal mines of the Oregon Improvement Company, at Franklin. They were brought here to take the place of white miners with whom the company had been having trouble. When it became known among the miners that the negroes were on the way to the mines, every camp was notified and all miners went out on strike, and trouble is expected at Franklin.

IF your name is not on the INTELLIGENCER'S Subscription Books make haste to get it on the list. Notwithstanding the increase in price, and the general improvement there is no increase in price. Still better things are to come.

DR. HEBER NEWTON'S CASE.

A Petition that He be Tried for His Alleged Heresies.

NEW YORK, May 17.—The smothered anger with which the strict churchmen have regarded the immunity accorded to Heber Newton's long-time dissemination of doctrines not merely akin to, but identified with those held by Mr. MacQuarry, has burst out anew in the form of a petition to Bishop Potter, asking for the appointment of a commission to make an inquiry regarding the teachings of Heber Newton. Although the procedure of the Presbyterian and Episcopal churches is different, a report adverse to Mr. Newton may produce in the end the same result as the report of the Presbyterian committee on Dr. Briggs' heterodoxy. It may, however, prove as innocuous as the proceeding undertaken years ago against Mr. Newton under Dr. DeCosta's auspices.

This time, however, it is believed that there is something more than mere rumor to go on. The signers embrace representatives of the different phases of precept and practices in the Episcopal Church. Broad Churchmen E. Walpole Warren signs the petition as well as High Churchmen George H. Houghton.

Postoffice Robbed.

WATERLOO, IOWA, May 17.—The safe in the postoffice at Tripoli, Brewer county, eighteen miles north of here, was blown open by burglars last night. All the stamps in the office were taken. The exact amount of the loss is unknown.

Blaine Improving.

NEW YORK, May 17.—Secretary Blaine is improving. The gout is less troublesome, and his general condition is such as to give rise to hopes of his leaving the city this week.

Good Work.

NEW YORK, May 17.—Up to this time, since the first of April, about 1,800 undesirable immigrants have been deported by the inspectors at this port.

How to Get a Handsome Husband.

"When some lucky Indian maiden found a red ear in the bushing, 'Musk! cried her altogether. 'Musk! you shall have a sweetheart—' You shall have a handsome husband."

The handsome man always admires the beautiful woman. Then simply make yourself beautiful. Remove all blotches, pimples, forked signs of turkey track from your features by the use of Dr. Pierce's Favorite Prescription, a tonic to the nervous, circulatory and procreative systems. Its use brings roses to the cheeks and sparkle to the eyes. Take it, and you will, like the Indian maiden, find a "red ear" in good health, an omen of future happiness. Guaranteed to give satisfaction in every case or money paid for it refunded.

Remarkable Facts.

Heart disease is usually supposed to be incurable, but when properly treated a large proportion of cases can be cured. Thus Mrs. Elmina Hatch, of Elkhardt, Ind., and Mrs. Mary L. Baker, of Ovid, Mich., were cured after suffering 20 years. S. C. Linburger, druggist at San Jose, Ill., says that Dr. Miles' New Heart Cure, which cured the former, "worked wonders for his wife." Levi Logan, of Buchanan, Mich., who had heart disease for 30 years, says two bottles made him "feel like a new man." Dr. Miles' New Heart Cure is sold and guaranteed by the Logan Drug Co. Book of wonderful testimonials free.

WOMAN has been compelled to suffer, not only her own ills, but those arising from a want of knowledge on the part of those with whom she stands connected. In the mansions of the rich and hovels of the poor, woman has been alike the patient victim of ills unknown to man. But now the hour of her redemption has come. Bradfield's Female Regulator cures all diseases peculiar to her sex. Sold at wholesale and retail by Logan Drug Co., and all druggists.

Miles' Nerve and Liver Pills act on a new principle—regulating the liver, stomach and bowels through the nervous system. A new discovery. Dr. Miles' Pills speedily cure biliousness, bad taste, torpid liver, piles, constipation. Unequaled for men, women, children. Smallest, mildest, surest! Fifty doses 25 cents. Samples free at the Logan Drug Co.

DAY'S

MARTIN'S FERRY.

Memorial Day—No New Schedule Yet—Personal, etc.

Jackson's circus will be here May 26. Mr. M. M. Sheets is home for a few days.

Alvin Smith is very sick with typhoid fever.

Miss Elsie Deitz is visiting friends at New Brighton, Pa.

Miss Lillie Walters, of Cadiz, is visiting Miss Lizzie Evans.

John Turner, C. & P. ticket agent, spent Sunday at Cambridge.

Mr. Joseph Maywood has taken a position in the Hotel Maywood as clerk.

Mrs. Benjamin Davis and John Morgan, of Cambridge, were home over Sunday.

Charley Green, who is traveling for a Pittsburgh house, spent Sunday at home.

Mrs. J. W. Dane was able to be out on Saturday, the first time for several months.

Mrs. Lou Beck is critically ill. Mr. Beck's father, Daniel Beck, of Pasco, is also very ill.

The work of driving piles for the new side track at the *Etna* mill will be commenced to-day.

Rev. Barnitz and wife, of Des Moines, Iowa, are visiting Mrs. Barnitz's parents, Mr. and Mrs. David Park.

Mrs. A. L. Metcalf and children, of Waynesboro, Pa., are visiting Mr. Metcalf at the Sherman House.

Miss Emily Warwood, who has been quite sick for the past two weeks, has recovered sufficiently to sit up a part of the time.

James Ralston returned on Saturday from Findley, where he attended the convention of the junior mechanics, and reports a good time.

Martin's Ferry, through its solicitor, has brought suit against the Pennsylvania railroad company to recover \$455 for lighting their track through the city.

Few if any towns the size of Martin's Ferry will have a bigger time on Memorial Day than this one. In addition to the big parade and regular observance the Independent Hose Company will present an interesting programme, and there will be several entertainments in the evening.

On Saturday several C. & P. railroad officials and attorneys were here trying to adjust the fence trouble. The company offers to make a plank walk from Hanover street to the depot, and put up a neat iron fence if the property owners whose premises are fenced in will build a stone wall on the west side of the property. Barney McEntee says the company is weakening; he has it by the horns and will win yet.

The new schedule on the C. & P. road will not go into effect until June. It is unlikely that train No. 40 due here at 4:58 a. m. will leave an hour earlier. If this change is made the train would do very little business between Bellaire and Stuebenville. The extra evening train will no doubt be a success and will be a great convenience to the traveling public. After the W. & L. E. is in operation the C. & P. people may give still better accommodations.

BELLAIRE.

All Sorts of Local News and Gossip from the Glass City.

Miss Lura Dickens is among Pittsburgh friends.

There are 130 inmates of the Belmont county infirmary.

A big gang of Italians arrived Saturday and another gang left yesterday.

J. W. Oberman, who has been suffering with guinea, is now convalescing.

The father of P. O. Criswell, Esq., died down in West Virginia last week, aged eighty-five years.

Mr. and Mrs. C. H. Dankworth and sons, Charles and Guy, spent Sunday with Wheeling friends.

John Haney got a \$200 damages verdict in the Common Pleas Court last week in a suit against the city.

William Stokes, the colored man who married a white wife, is smiling over the arrival of a twelve-pound boy.

A. P. Tallman and wife are in Chicago. Mrs. Tallman was taken suddenly sick there on Saturday, but it is nothing serious.

A festival given by the Six Busy B's at the South Bellaire M. E. Church two nights last week, was a grand success in every particular.

One hundred and fifty piles are to be driven by the ferry people this week to fill and improve their approach. They talk of paving with brick.

The Bellaire Gas and Electric company met Saturday at their office on Union street and re-elected their old board of directors and officers.

A mule team belonging to Stewart & Ward drove too near the water's edge at the ferry landing Saturday, and one was mired nearly out of sight, but driver and all escaped injury.

The funeral of Jesse Miller, who died of Findley of consumption, was under the auspices of the Glass Workers' Union here, and was very largely attended. He leaves a wife and two small children.

Coup's vestibule train of show cars arrived here yesterday over the Cleveland & Pittsburgh railroad, having come from Rush Run, where the Wheeling & Lake Erie railroad delivered it to the Cleveland & Pittsburgh.

Quite a crowd of the Chautauqua Circle, accompanied by a number of friends, old and young, picked up Brooks on Saturday. Geology and botany were freely discussed, and the supper was enjoyed very much in the woods.

A fire broke out at the Bellaire Stamping Company's works early Saturday morning, and although not doing much damage, came very near to destroying the works again. Grave in the enameling department got too hot and boiled over and down into the fire.

EDWARD L. ROSE & CO. have received within the last few days the Victor Safety Model C, which is a beauty in every line; and a new hickory, known as the "Common Sense," which sells at \$75 and is adapted to either ladies' or gentlemen's use. They also have a fine assortment of second hand bicycles.

FOR FORTY YEARS DR. WM.

HALL'S BALM

FOR + THE + LUNGS.

Has been a never-failing family remedy for Coughs, Colds, Consumption, Sore Throat, Hoarseness, Whooping Cough, Asthma, Chronic Bronchitis, Asthma, Whooping Cough, Croup, Pleurisy, Pain in the Side and Breast, Spitting of blood, and all diseases of the THROAT, CHEST AND LUNGS LEADING TO CONSUMPTION. DR. WM. HALL'S BALM contains no opium, morphine, nor any deleterious drug. It soothes and heals the Membrane of the lungs, inflamed and poisoned by disease, and prevents night sweats and tightness across the chest. It is pleasant to the taste.
